

Hand Finish Options

For those Customers desiring a higher level of service, we offer the *Superwash* and *The Works* wash packages, both of which include our "interior & exterior" cleaning service. Here too, you remain in your vehicle during the entire car washing process. Then upon exiting the car wash tunnel, you drive your vehicle to our hand finishing pavilion area.

Here professional customer service attendants focus their efforts on providing the highest level of quality hand finishing services, such as towel drying, interior vacuuming and cleaning of interior windows. In this area we also offer Blue Coral Hand Wax & Black Magic tire dressing.

our Gift Card is available for all services
in any denomination of \$20 or more.

Faster Service/ Better Quality

Superwash Express improves the car washing experience by providing our Customers with faster service and better quality. We're able to minimize the time required to service your vehicle, by having you remain in your vehicle while it passes through the car wash tunnel.

Because Customers may not need or desire to have their vehicles vacuumed and the inside windows cleaned during "every" visit, we have created the *Express Wash Packages*. All *Express Wash* packages are "exterior" washes only. However, each *Express Wash* includes our standard pre-prep and presoak application, quality soft cloth tunnel wash, rinse and power dry. Plus, every *Express Wash* purchase allows our customers to use our self-serve vacuums for **FREE!** That's right, you can purchase any of our *Exterior Express Washes*, and then vacuum your vehicle yourself, absolutely free of charge!

Additionally, for your convenience, our *Express Wash Packages* offer a variety of upgrade services including Clear Coat Sealant, Rust Inhibitor Triple Clear Coat Polish and Tire Shine, all applied on-line as your vehicle passes through our wash tunnel. No hand-finishing is required to receive a clean shiny car, saving you both time and money!

SUPERWASH

- Full Exterior Rubber and Vinyl Treatment

Add rain-x SURFACE PROTECTANT TO A PACKAGE FOR ONLY \$3

Now you can give your vehicle the benefits of these Rain-X products right here as your car is being washed - with no additional waiting!

Our Rain-X Complete Surface Protectant service is a complete protectant for multiple surfaces and is engineered to create a water repellent layer that chemically bonds to all exterior vehicle surfaces, including glass, paint, trim and plastics.

Simoniz® Double Bond™ is a film-forming sealant that cures as it dries on your vehicle. The next time it rains or your vehicle is washed, water will bead up and "fall off" like never before. Additional applications of Simonize® Double Bond™ will only enhance durability. Independent tests run at Dupont Experimental Station show that Simonize® Double Bond™ will last up to 30 days on a vehicle's surface.

Express Hand Wax for that legendary shine!

That legendary hand-rubbed shine is available here while you wait. Blue Coral® Hand Wax gives your vehicle the added shine you'll love and protection it needs and is specially designed for today's modern clear coat finishes with no scratching or dulling. Blue Coral® Hand Wax contains an advanced blend of cleaners, surface reactive silicones, and a durable wax polymer... for a long lasting "showroom shine".

They're Back !

It's that time of year again, when the **Love Bugs** are doing their "lovers leap" all over the front of you car!

The body acid from those pesky little critters can destroy the top surface of you car's paint within as little as 48 hours. So, it's extremely important that you "de-bug" your **Buggy** as soon as possible after experiencing their love connection with your car!

Our **\$5.00 Express Wash** is fast and affordable and we'll "hand prep" your vehicle in an attempt to get those critters off your paint **at no extra charge**. Please be aware that we "can not" guarantee complete removal of every bug with the express wash, however we'll do the best we can in the time allotted. Remember, there is **NO** extra charge for Van's or trucks and the price includes **FREE** self-vacuuming.
